VOICES FOR HUMANITY JOINS JANICE STOREY IN TELLING BAJA CALIFORNIA SUR THE TRUTH ABOUT DRUGS

Los Angeles, CA – November 15, 2018 – Scientology Network’s VOICES FOR HUMANITY, the weekly series presenting heroic change-makers from a variety of faiths, cultures and nations, working to uplift their communities, announces a new episode featuring the work of anti-drug activist, *Janice Storey*, premiering November 21, 2018.

VOICES FOR HUMANITY airs Wednesdays at 8 p.m. ET/PT on Scientology Network.

Mexico’s state of Baja California Sur is known for its scenic beauty, windsurfing and sleepy fishing villages, but drug use, violence and murder rates skyrocket when cartels start moving cannabis and meth up north. Janice Storey and other residents of a small coastal town, sitting on a major drug trafficking route, take action. Together they lead one of the largest government adoptions of the Truth About Drugs curriculum, informing and protecting tens of thousands of youth from Cabo San Lucas to La Paz.

ABOUT JANICE STOREY

With one family member addicted to heroin—and losing her youngest brother to a suicidal overdose—Janice Storey is a staunch anti-drug advocate. A US citizen splitting her time between Colorado and Los Barriles, Janice’s passion for Mexico goes back to many childhood vacations in the region. She and her family are close with the locals, living in the community for almost 25 years. The mayor of Los Barriles introduces Janice to regional leaders and government officials in the state capital of La Paz, leading to statewide implementation of the Truth About Drugs curriculum across all secondary schools.

Janice Storey is the ambassador for Drug-Free World Baja California Sur.

The Scientology Network debuted on March 12, 2018. Since launching, the Scientology Network has been viewed in 237 countries and territories worldwide in 17 languages. Satisfying the curiosity of people about Scientology, the network takes viewers across six continents, spotlighting the everyday lives of Scientologists; showing the Church as a global organization; and presenting its social betterment programs that have touched the lives of millions worldwide. The network also showcases documentaries by Independent filmmakers who represent a cross section of cultures and faiths, but share a common purpose of uplifting communities.

Broadcast from Scientology Media Productions, the Church's global media center in Los Angeles, the Scientology Network can be streamed at scientology.tv and is available through satellite television, mobile apps and via the Roku, Amazon Fire and Apple TV platforms.
